

Barry University School of Law

Presents

Law Careers: The Dynamics of an Evolving Profession

Professor Robert Hirshon, former ABA President, will discuss current developments within the legal profession, various law practice management issues, and will explore the transformational changes affecting the legal profession as law firms increasingly adopt new business models.

Robert Hirshon, Frank G. Millard Professor from Practice and Special Counsel on Developments in the Legal Profession, University of Michigan Law School and Past President, American Bar Association
